Bridge Preparation Works – Queen's Road between Summer Leys Lane and Arkwright Street

As part of the expansion of Nottingham's tram system, preparatory works are due to start on Friday 11th June on Queen's Road, to enable the installation of a new bridge over Nottingham Station.

The preparatory works are expected to be complete by the end of November this year.

To carry out these works safely, one lane will be closed westbound (for traffic heading towards Nottingham Station) on Queen's Road between Summer Leys Lane and Arkwright Street. A temporary pedestrian walkway will also be provided around the works, and access to the new apartment complex on Queen's Road unaffected.

The temporary traffic measur es will be in place 24 hour s a day, seven days a week, until the work is completed.

The works will be carried out between 8am – 6pm, Monday – Friday and 8am - 1pm on Saturday. The works will be in accordance with the Code of Construction Practice (CoCP), which was agreed at the NET Phase Two public inquiry held in 2007.

The CoCP regulates the way that works for NET Phase Two can be undertaken, and sets out standards for our contractor on issues such as controlling noise, vibration and dust. This will ensure that works are undertaken in a responsible and sympathetic manner.

We apologise in advance for any inconvenience that these works may cause you, and would like to assure you that we will do all that we can to keep disruption to a minimum.

For more information about these works, the CoCP, or the project in general, please contact us on: (0115) 924 24 54 or visit www.thetram.net/phasetwo.
