Interment in Wilford Hill family burial chamber (18 Years of age & over)	466	945
Childrens interment fees (24 weeks gestation - 17 years)		
<p>Effective from the 23rd July 2019, the government introduced the Children's Funeral Fund (CFF) in order to assist families with the death of a child (from the age of 24 weeks' gestation up until they are 17 years old) with funeral expenses. As such, Nottingham City Council will charge all mandatory charges relating to children's burials, cremations and grave fees directly to the fund.</p> <p>NB Whilst we offer a free use of the chapel, live webcast, single hold image and up to 25 image slideshow, optional charges such as extra chapel slots, visual tributes, recordings, webcasts and a vault in a grave cannot be claimed and would need to be paid for by the family.</p>		
From 24 weeks gestation up to 17 Years	Charged to CFF

	Non City Resident
	332
	332

Guidance Notes

1. City resident charges apply where the deceased person resided within the City of Nottingham at date of death.
2. City Resident charges also apply to former City residents who, within a period of three years before their death, took up residence outside the city. Periods spent outside the City whilst receiving full time care will be treated as periods of City residency (Subject to supporting documentation being provided).
3. Proof of former residency will be required where **City Resident fee** is applied for
4. In a new grave the fee for the purchase of the right of burial will be based on the place of residence of the grave ownership applicant, and the fee for interment based on the former residence of the deceased.
5. Where a grave is opened which is subsequently not required, **a fee will be chargeable**. Please see “Interment Fees” for this fee.
6. Charges marked with an asterisk (*) are subject to VAT which has been included in the fee. Charges not marked in this way are not subject to VAT.
7. All cheques must be made payable to “**Nottingham City Council**.”
8. Rushcliffe Borough Council no longer subsidises burial fees for their residents, and non-city residents fees will apply.
***Please contact Rushcliffe Borough Council for further information.**
9. Whilst the use of an organ in the West chapel is available, the funeral director or applicant must make private arrangements for the services of an organist. **There is a £31 charge for the use of the organ.**
10. Upon the request to conduct two cremated remains interments or two full burials in a grave plot at the same time, a 50% discount of the total cost will be applied on the second subsequent request. (The 50% will be discounted off the total of the lower price should one request be from a cremation from Wilford Hill and the other from another crematorium).
For interments in a cremated remains plot, the lower priced second remains will be £35 if being interred at the same time.
11. The “Right of Burial” fees do not include the fees for interment itself. Each interment will be charged at the appropriate rate based on the application to purchase or re-open a grave and this fee is calculated in accordance with all further information set out in these notes.
12. The Sandstone underground cremation plot is an underground chamber made of concrete with a sandstone base sitting on top and the plaque made of black granite. (Wilford Hill, Bulwell and Highwood). The Granite niche is the same as the sandstone except the base is made out of granite. (Wilford Hill and Northern subject to availability)
13. The Children’s Funeral Fund requires that all claims be submitted within 6 months of the funeral date.
For all requests following a funeral, i.e. for scatterings, headstones, ashes interments etc. please be aware these **MUST** be received to the NCC Cemeteries Office in time to allow processing and for a claim to be made prior to this deadline, else fees may be payable by the family. Most optional fees cannot be claimed and are therefore payable by the family.

Please Note: As available burial space reduces at both Bulwell (Northern), and Wilford Hill (Southern) Cemetery, it may be necessary to utilise areas adjacent to present “end of row” burial plots including the re-design of some shrubbed areas and removal of roadways/paths. Any such related works will be undertaken in a clearly planned and appropriate manner.
