A summary for young people

Nottingham City Council is working in partnership with lots of different organisations across the city - including health services, the police and community groups - to make our city a better place for all.

You said...

You told us that the improvements you want to see are:

- Better places to go and more things to do
- Easy and early access to services
- Cheaper and safer travel with better routes
- A cleaner city with better lighting and less traffic
- A safer city

What we are doing...

We have listened to your priorities and work has already begun on:

- **Transforming areas for young people**
- **New opportunities** for developing skills, learning and education
- **Improving safety and wellbeing**
- **Developing transport routes** across the city
- **Involving you in improvements** to your local community

What you'll see...

If we are successful you will see:

- ◉ More things to get involved in and have your say about
- ◉ Better information, advice and support at an earlier stage
- ◉ Cheaper and more accessible routes around the city
- ◉ A cleaner and safer neighbourhood
- ◉ Your rights being championed, respected and protected
