Partnership to Learning and Work

Supporting you into work

If you are aged between 16 and 24 and have a learning difficulty or disability, Partnership to Learning & Work is a 12 week programme at Medway Training and Assessment Centre, specially designed to support you into work.

We will make sure that the training and work you do on the programme is specially designed with you in mind. We share your ambition and together we will work to build your confidence and skills and help you to work towards an accredited job-seeking skills qualification. We'll help you to find work experience that will make the most of your skills and personality and we'll support you all the way.

At the end of the 12 weeks, we hope that your experience will lead to finding you a job, voluntary work or into further education - it's your choice.

Kathy

Going to Medway gave me a reason to get up in the morning. I joined Medway in May 2006 and since then I've moved on through the Working Well programme and onto WORKSTEP. I now work as a full time machinist at Woodfield Industries and my work includes measuring and cutting materials and using the overlocking and lockstitching machines. The programmes have helped me get into a routine, boosted my self-esteem and helped me overcome the barriers I've experienced when I've been looking for work. For me Medway has been fantastic.
