# Procedure for funded settings where Ofsted registration is suspended

The Provider Agreement 2021-22 clearly identifies the required quality standards in order for settings to receive funding and be on the Directory of Providers. The Provider Agreement 2021-22 outlines the procedure for settings with suspended Ofsted registration.

If a setting has its Ofsted registration suspended, the provider MUST:

- Notify the LA Early Years team within 24 hours of receiving notice of suspension
- Provide the LA Early Years team with the notice of suspension and associated actions
- Display the notice of suspension in the setting (Ofsted requirement)

**This process will be followed for settings where Ofsted registration is suspended:**
