Customer Services are part of Nottingham City Council, who are the data controllers for the personal data (or personal information) that we process about you. When we process personal information relating to you, we will only do so when it is necessary and where we have a lawful reason to do so.

We will use the information for a number of reasons, depending on the service or reasons for interacting with you. This includes the “Homes for Ukraine” Sponsorship Scheme.

- The Scheme relates to visa applications from those who wish to come to the UK from Ukraine and who have named people in the UK willing to sponsor them.
- In order for the scheme to work, central government shares personal information on sponsors matched to visa holders with the council. Vetting and safeguarding checks relating to individual sponsors will be made by the Home Office, including a check against Police National Computer (PNC) records. Outcomes relating to the checks will be shared with Local Authorities as a necessary part of assessment of suitability of sponsor offers in their locality.
- This enables the council to deliver support in placing Ukrainian visa holders in appropriate accommodation, including carrying out its own appropriate checks

of the sponsor's identity, their suitability as a sponsor and the appropriateness of the accommodation. The council will share outcomes of its Disclosure and Barring Service (DBS) checks with DLUHC and the Home Office as a necessary part of assessment of suitability of sponsor offers in their locality.

- Once the council has reported back to central government on whether the sponsor and the accommodation have been accepted following the various checks, it will then release the "thank you" payment to the sponsor as appropriate.

When we process your personal information, we will comply with data protection legislation and enable you to exercise your rights contained within the legislation.
