## WHAT THEY ARE DOING

Nottingham College is taking action to become a sustainable college with an updated Sustainability Strategy, aiming to become Carbon Net Zero by 2030 for Type 1 and 2 emissions.

They are working towards eliminating single use plastic and moving towards 100% recovery or recycling of waste. They strive to integrate sustainability into the college's plans and ambitions for investment, resourcing, and management.

Nottingham College also aims to equip their students with the knowledge and skills relating to sustainability that they will need for the future.
