# Early Years Entitlements

Terms are nationally set:

**1<sup>st</sup> January, 1<sup>st</sup> April and 1<sup>st</sup> September**

- **Universal 15 hours entitlement**

All children the term after they are 3.

- **Early Learning for 2 Year Olds 15 hours entitlement**

Eligible 2 year olds the term after they are 2, up until the term after they are 3. They apply for this through the Families Information Service and can start from the date on letter.

- **Working parent funding**

Eligible children aged 9 months + entitled to 30 hours.

Families must apply for a working parent code via the HMRC at [Best Start in Life - Best Start in Life](#) they can only use the code the term after it was applied for or the term after they are the relevant age, whichever is later.

# Accurate Portal Claims

- Termly Portal Claim = Data Schools Funding Team use to make payments to schools
- Submit ahead of deadline in order to pick up any potential queries.
- The following should be included on your claim:
  - All nursery and F2/reception children within the specified Date Of Birth range
  - Parent/carers details if wishing to make an EYPP check

# Accurate Portal Claims: Nursery Children – 2's/Rising 3's

- Must be eligible for either early learning for 2 year olds and/or working parent entitlement. Those entitled to both must be recorded in both entitlements.
- Children in this cohort could also be eligible for EYPP but can only receive this additional payment if they receive early years entitlements funding as well
- Boxes will only open if eligible. The first 3 boxes are information only and are not the payment information boxes.

# **Accurate Portal Claims: Nursery Children – 3 and 4 year olds**

## **Universal 15 hours funding**

- All 3 and 4 year old children are entitled to 15 hours universal funding the term after their 3<sup>rd</sup> birthday

## **Working parent funding**

- Some children are eligible for 30 hours funding and a code from HMRC needs to be obtained the term before
- The extended boxes will only open if there is a valid code i.e. it is in date and has an eligible from date the term before.

# Children attending more than one setting

- Parents are able to split their funded hours over more than one setting. You need to ensure that this is recorded clearly i.e. where the child is taking the hours and on what days.
- Particularly important if child is entitled to 30 hours:

For 3 & 4's you need to record which setting is claiming for the working parent hours and which setting is claiming for the universal. If parents fall out of eligibility it is the universal setting who can continue to claim.

For 2 year olds who are entitled to both working parent and the early learning for 2 year olds, you need to record which setting is claiming for the which stream. If parents fall out of working parent eligibility, it is the setting claiming the early learning for 2's funding who will continue to claim.

- If a child aged 2 up until the term after they are 3 are only entitled to 30 hours working parent funding and fall out of eligibility, the full 30 hours will cease.

# Accurate Portal Claims: EYPP/Deprivation Funding

- In order to check EYPP eligibility, parent/carer details need adding onto your headcount task
- If a child is eligible, they will attract an additional £1.15 for EYPP.
- In addition, a deprivation supplement of £1.15 per child per hour is paid to 3 and 4 year old children who are eligible for EYPP.

# Accurate Portal Claims: Reception/F2 children

- Any children that fall in Date Of Birth range who attend Reception/F2 need to be added
- Only complete weeks, average hours per week and hours per term - **Remove universal and extended hours**
- **Decline to give** parent/carer details as not eligible for EYPP

# Summary

- Children are only entitled to the appropriate funding stream the term after they are the eligible age.
- Children are only entitled to working parent funding the term after the code was applied for (the 'eligible from' date is the date they applied).
- Ensure you claim the correct number of weeks and hours depending on start date.
- Input parent/carer details, where you have permission, in order for us to run an EYPP check (nursery children only).
- If hours are being split over more than one setting, ensure you are claiming the agreed funding stream.
- Ensure that were children have moved from another settings, that they are giving the correct notice.
