

Timetable for the Nottinghamshire Minerals Local Plan 2045

This timetable applies to the jointly prepared Nottinghamshire Minerals Local Plan 2045. Nottingham City Council and Nottinghamshire County Council are working together to prepare the plan.

For Nottingham City, the minerals and waste planning framework comprises two separate plan documents:

- the Nottinghamshire and Nottingham Waste Local Plan, adopted in September 2025; and
- the Nottinghamshire Minerals Local Plan 2045, currently being prepared as one joint minerals plan document with Nottinghamshire County Council.

No supplementary minerals plan is currently proposed.

Nottinghamshire County Council published its Notice of Intention to Commence Plan Preparation on 31 July 2026. Nottingham City Council published its notice on 6 October 2026. The different publication dates reflect when each authority made its own notice available and do not affect the joint preparation of the plan.

This timetable has effect from 6 October 2026.

Milestone	Date	Status
Nottinghamshire County Council publication of Notice of Intention to Commence Plan Preparation	31 July 2026	Completed
Nottingham City Council publication of Notice of Intention to Commence Plan Preparation	6 October 2026	Completed

Adoption of the Joint Minerals Local Plan	20 September 2029	Planned

*All representations must be received by 17:00 on the closing date of the consultations. Representations made after this time may not be considered.

Please note that all dates are subject to change.

Additional steps and consultations may be required depending on the outcome of the gateway assessments and independent examination. These will be added to the timetable as soon as they are known.

The timetable will be kept under review throughout preparation of the Joint Minerals Local Plan. Any revisions will be recorded in a schedule of amendments.
